

Frequently Asked Questions

FAQ

FAQ

What is Maths Circle Delhi?

Maths Circle Delhi is a weekly gathering organized by Raising A Mathematician Foundation in collaboration with IIIT Delhi, aimed at fostering love for mathematics among students through interactive and engaging sessions.

When are the sessions held?

Sessions will be held every Sunday.

Where will the sessions be conducted?

Indraprastha Institute of Information Technology Delhi

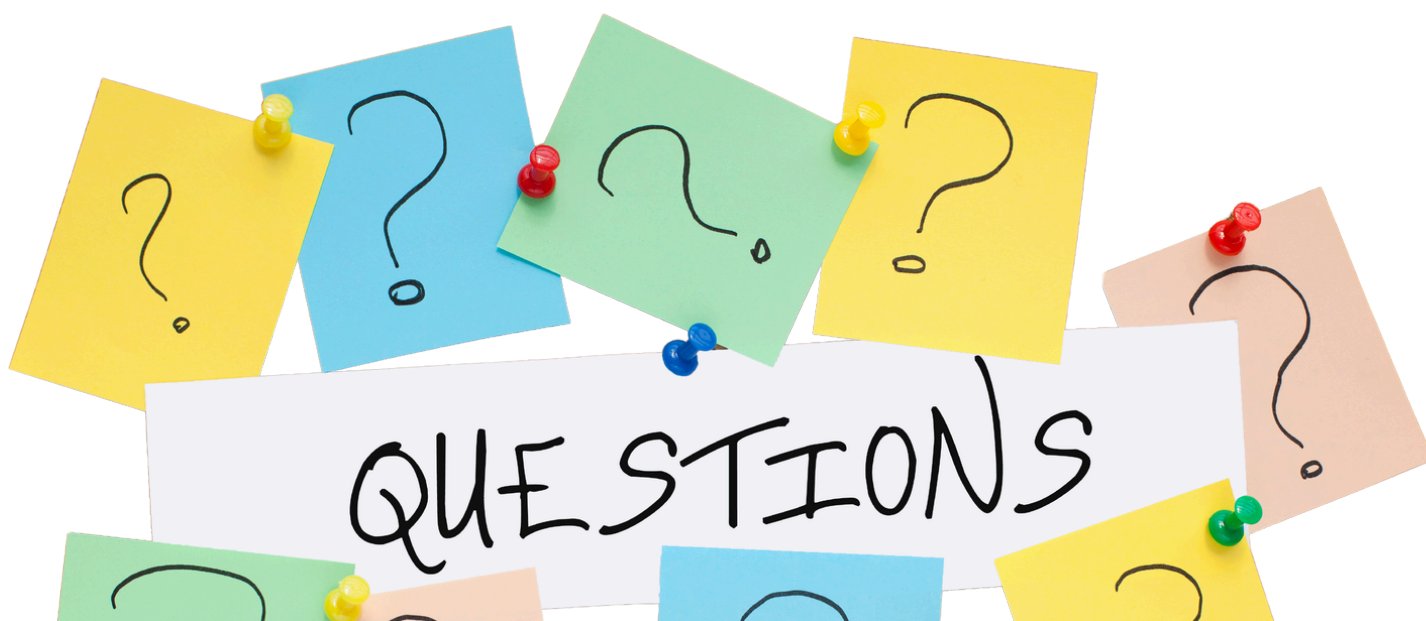

Okhla Industrial Estate, Phase III (Near Govind Puri Metro Station), New Delhi, India - 110020

Who can join the Math Circle?

Math Circle is open to students from grades 6 to 8 who demonstrate a keen interest and aptitude in mathematics. Participation is determined through an offline selection test.

How can I apply for the selection test?

Interested students can apply for the selection test by filling out an online application form available on the website. [Click here to Apply.](#)

FAQ

What does the selection test entail?

The selection test will assess mathematical reasoning, problem-solving skills, and conceptual understanding. It will entail 10 objective questions where only the answer will have to be submitted of 2 marks each. There will be no need for calculators and there will be no negative marking.

Is there a fee for the Math Circle?

The program is a self-funded, not-for-profit initiative. Participants are expected to contribute towards the nominal costs incurred for running the program. Organisers reserve discretion for waiver towards contribution towards the costs. Selected students with financial needs can apply for financial aid.

What is the duration of each session?

Each session lasts for approximately 1.5 hours.

Who conducts the sessions?

The problem discussion section will be conducted by experienced educators and mathematicians who are passionate about teaching and inspiring young minds.

Can parents attend the sessions?

The problem sessions are primarily designed for students. However, parents are invited to participate in Guest Lectures.

FAQ

How can I get more information?

For more information, please visit our website <https://www.mathscircle.org/> or contact us at mathscircleram@gmail.com

Are there any scholarships available?

Yes, we offer a limited number of scholarships based on financial need. Details on how to apply for a scholarship will be provided to those who qualify for the selection test.

Is there any homework or assignments given?

Participants may be given optional assignments or problems to work on at home to reinforce concepts learned during the sessions.

What if a participant misses a session?

If a participant misses a session, they can catch up by reviewing the materials provided and reaching out to the instructors for any assistance needed.

How can I stay updated about the Math Circle activities?

Updates about the Math Circle activities will be communicated through email and our official social media channels.

FAQ

Can participants from other cities join Delhi Math Circle?

While the sessions are primarily for students of Delhi, students from other cities can apply if they are able to attend the sessions regularly. We aim to increase our centers in the near future and you can convey your interest in joining such an event in your city by joining our Discord server at the link below.
